Communication of 14.IX.2011:

The National Telecommunication Regulatory Authority (NTRA), Giza, announces that the third phase of mobile numbering plan changes in Egypt, as published in ITU Operational Bulletin 970 of 15.XII.2010 will be launched on 6 October 2011. In that phase, all the mobile operators will accept mobile numbers with eleven (11) digits as well as (10) digits length.

There will be a voice message to inform the customer of the change and inform him to dial 11 digits next time he dials.

This will be done by:

- 1. keeping the code (01) as a National Destination Code (NDC) for the mobile service in Egypt;
- 2. increasing the length of the existing Numbers from (ten digits) to (eleven digits) by adding a fixed number to each mobile operator after the code 01 (0 for Vodafone, 1 for Etisalat and 2 for Mobinil).

Table below shows the number before and after changes:
